Interests

- Music is an integral part of my life, and is something that I am sincerely passionate about. Whether that be my ever growing music collection, attending live events, or picking away at my guitars or banjo, I try to incorporate music into my life as often as possible.
- I am deeply interested in our world. I enjoy reading about new technology trends, scientific discoveries, politics and current affairs. I am also an active user of podcasts and audiobooks
- I maintain the belief that education does not end in the classroom. Personal growth is a major priority for me. I try to spend a considerable portion of my spare time using online resources, such as Brilliant, Udemy, Coursera, Duolingo, etc., developing and learning new skills, such as writing, programming, computer science, new languages, etc.
